**Ova View Egg Candling Lamp**

## Description

The OvaView candling lamp is a very effective low cost all purpose candling lamp ideal for indentifying infertile eggs with pale, plain shells (most species of hen, duck or goose etc.)

Battery powered for convenience and uses high output, high efficiency LED illumination - so no bulbs to replace or concerns about overheating the eggs during inspection. The OvaView is designed to either be hand-held or can be left on a work surface during use. Supplied with a flexible black ring to seal against the egg shell.

The candling lamp comes with a set of 4 AA batteries but can be used with rechargeable AA batteries - a suitable set of batteries with charger can be purchased from Brinsea - please contact us for details

Protected by Biomaster antimicrobial additive: proven to reduce bacterial growth by up to 99.99% and 100% safe for eggs, chicks and humans. Protects the incubator from microbial growth by reducing the risk of cross contamination and provides a more hygienic environment for your eggs.

Product code: F180
