

Product name **Ovation 28 EX Incubator**

Manufacturer BRINSEA PRODUCT LTD

Brand BRINSEA

Origin MADE IN BRITAIN

Ovation 28 EX Incubator

Convenience and complete control make the Ovation 28 the ideal incubator for the serious breeder. Automatic turning, automatic humidity control and comprehensive alarms provide reassurance of hatching success. Set the temperature and humidity you require (given in the user instructions) and let the automatic controls do the rest.

Key Features

- High quality, high visibility cabinet
- Easy water top-up with level indicator
- Digital display of temperature in °C or °F
- Incubator temperature alarm
- Integral automatic humidity control
- Room temperature alarm
- Digital display of humidity
- Power fail indicator
- Automatic turning
- Ventilation control
- Programmable turning interval
- 4 hen egg carriers, 3 large egg carriers (option)
- Optional periodic egg cooling
- Fan assisted airflow with Induced Dual Airflow system
- Protected by Biomaster antimicrobial additive
- Customer support online, by email and phone
- Made in Great Britain

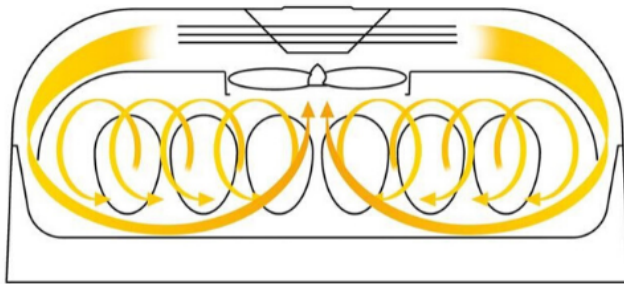

Description

Capacity: 28 hens' eggs

Convenience and complete control make the Ovation 28 the ideal incubator for the serious breeder. Automatic turning, automatic humidity control and comprehensive alarms provide reassurance of hatching success. Set the temperature and humidity you require (given in the user instructions) and let the automatic controls do the rest.

Protected by Biomaster antimicrobial additive: proven to reduce bacterial growth by up to 99.99% and 100% safe for eggs, chicks and humans. Protects the incubator from microbial growth by reducing the risk of cross contamination and provides a more hygienic environment for your eggs.

The Ovation range of incubators all feature Brinsea's new '**Induced Dual Airflow**' system which represents a breakthrough in incubator design and achieves new levels of temperature consistency for optimum incubation conditions.

Egg Capacities - approximate and assume standard carriers are used:

- Quail - 48
- Pheasant - 48
- Hen - 28
- Duck/Turkey - 28
- Goose - 0

Egg Capacities - approximate and assume optional large carriers are used:

- Quail - 66
- Pheasant - 57
- Hen - 21
- Duck/Turkey - 21
- Goose - 9

Ovation 28 and 56 – egg handling

Eggs are held in tilting egg carriers in the Ovation incubators. Hen egg carriers are supplied as standard, 4 in the 28 and 8 in the 56, which can hold any egg size up to duck. See the table below.

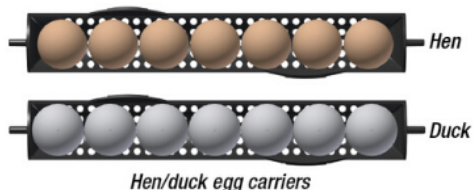

Standard configuration

Approximate egg capacities
with standard egg carriers

| | Ovation 28 | Ovation 56 |
|----------|---------------|---------------|
| Quail | 48 | 96 |
| Pheasant | 48 | 96 |
| Hen | 28 | 56 |
| Duck | 28 | 56 |
| Goose | 0 | 0 |

see www.brinsea.co.uk/latest/resource-centre for maximum egg dimensions

Hen/duck egg carriers
supplied as standard (4 in Ovation 28, 8 in Ovation 56)

For greater flexibility large egg carriers can be bought separately which accommodate goose eggs or greater capacity of quail/pheasant eggs. See the table below.

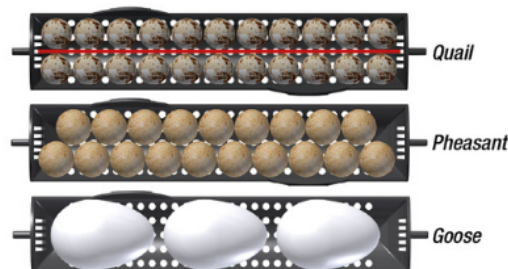

Optional configuration

Approximate egg capacities
with large egg carriers

| | Ovation 28 | Ovation 56 |
|----------|---------------|---------------|
| Quail | 66 | 110 |
| Pheasant | 57 | 95 |
| Goose | 9 | 15 |

see www.brinsea.co.uk/latest/resource-centre for maximum egg dimensions

Large egg carriers optimised for quail and goose
optional extra (3 in the Ovation 28, 5 in the Ovation 56)

PLEASE NOTE: when cleaning your incubator you will need to use a cross-head 'Pozidrive' PZ-1 screwdriver. Using the wrong screwdriver may lead to excessive pressure being applied to the screws which may then damage the thread in the lid.

PLEASE NOTE: Low room temperature alarm may be triggered at approximately these temperatures to provide early warning of compromised performance - Ovation 28 & 56 Eco/Advance/EX : 15°C

Product code: **AF37B**

Specification

Product weight (g): 3168

Product dimensions inc. PSU/power cable (mm): 447 x 332 x 223

Typical power consumption (Watts): 30

Maximum power consumption (Watts): 60

PLEASE NOTE: when cleaning your incubator you will need to use a cross-head 'Pozidrive' PZ-1 screwdriver. Using the wrong screwdriver may lead to excessive pressure being applied to the screws which may then damage the thread in the lid.

The Brinsea Ovation 28 and 56 incubators are subject to EU design registrations No: 003007103-0003, 003007103-0004, 003007103-0005 and 003007103-0006
